### Limitations of Intuitive-Provided Instruction:

Online Training provided by Intuitive is limited to the use of its products and does not replace the necessary medical training and experience required to perform medical interventions. Any demonstration(s) during the online training on how to use Intuitive Technology to perform a particular technique or procedure is not the recommendation or "certification" of Intuitive as to such technique or procedure, but rather is merely a sharing of information on how other physicians and/or care team members use Intuitive Technology to perform a given technique or procedure. Intuitive does not teach medical intervention, nor does it provide or evaluate medical credentialing. Intuitive's Technology Training Program is solely for the purpose of training on the use of Intuitive products.
